Adding iShip to your Pop-Up Blocker Settings
Firefox

1) Click the orange Firefox drop down box in the upper left corner of the window.
2) Select **Options > Options**
3) Select **Content**
4) Next to Block pop-up windows click the **Exceptions** button.
5) In the Address of website: box, type ***.iship.com** and click the **Allow** button.
6) This is what it should look like when it is done. Click **Close** > then click **OK** when completed. You may now login to iShip.

7) Do not bookmark iship.com, please use **ishop.colostate.edu**.
